

PREPARATION SHEET - ROACHES

Our company has been contracted to perform pest control services in your apartment, and it is essential that the following preparation be completed before work can proceed. It will also be necessary to leave the apartment for four hours after our serviceman arrives on

Clear your kitchen cupboards top and bottom of all dishes and foodstuffs. Remove old shelf paper. Wash all cabinet surfaces with soap and water. Empty and remove kitchen drawers. Do not place dishes on kitchen counter.

Clear all closet floors of shoes, etc. It is not necessary to remove clothes on hangers.

Remove all pets. Cover fish tanks. Disconnect filters.

Move furniture away from walls.

Empty furniture of contents.

NOTE: The Chemical used is effective for a period of 4 weeks. Don't wash shelves or baseboards for at least four weeks after our service. Put shelf paper on all shelves before replacing contents.
