

## **PREPARATION SHEET - RODENTS**

Our company has been engaged to perform pest control services in your apartment. It is essential that the following preparation be completed before the work can begin. Also, we have given some information below, regarding the service and the product that shall be used.

Clear all kitchen cupboards as per photo above

Clear all items from vanity units

### **PLEASE READ THE FOLLOWING INFORMATION REGARDING THE PRODUCT TO BE USED:**

- This service is being conducted for the purpose of eradicating the activity of mice within the building.
- One and a half inch opening will be created around plumbing and/or electrical risers for the purpose of installing rodenticide into the wall cavity.
- The holes will be covered with a nylon cap preventing any access to the products.

On behalf of "Pest Control Plus" and the management, we appreciate the time and effort that you shall spend preparing for this treatment and would like to assure you that it is time well spent. Thank you!
